A Cartography of the Globally Organized Corruption Networks: A Treasure Trove of Maps, Diagrams, Org Charts, and Family Trees

Please submit suggestions to the [MemeLab](#).

The material presented below has primarily been collected the old-fashioned way: Google. Aside from Dylan Louis Monroe's remarkably detailed "Q Web," almost nothing is new that the the Alt Media crowd hasn't had access to. **This should not be construed as a "drop by Q Anon."** This is a reasonably organized and presented collection of notes and

diagrams from a few bloggers and memeologists, that's it. **We are not affiliated with Q Anon nor any organization.**

All of this information is intended to be shared and reposted, including this article in its entirety. That said, this is a dynamic article with more maps and diagrams being added and Dylan has and will continue to provide updates, revisions, and a number of additional products. **It is suggested that you link to this article so readers and researchers will have access to the newer material**, but the important part is getting the bulk of the open-source information to those with ears to hear and eyes to see.

If you have additions for this collection, please get them to the [Meme Lab](#) Facebook group.

HOW VIEW AND TO SAVE THESE IMAGES

VIEWING

The collection is over 250 images, many high resolution. To prevent browser lags and excessive bandwidth usage each time you click Back, the images have been set to open in a new tab when you click on them.

If you are reading this and the URL ends with **/amp/?__twitter__impression=true** then you are not reading the article as it was intended as it has been designed for a specific column width. Deleting that part of the URL allows you to properly view the site on [Through the Looking Glass](#) instead of through the Twitter filter. It's a free WordPress site, so there's no advertising or clickbait except for what WordPress drops in.

SAVING A SINGLE IMAGE

- Right-click, "Save image as..."
- Some high resolution images are linked off site and you may need to save the higher quality image from there.

SAVING THE ENTIRE ARCHIVE

- Right-click, "Save as..." anywhere on the web page that is NOT an image.
 - For example, [RIGHT CLICK THIS BLUE TEXT](#) and select "Save as..."
- You will be prompted to save an html file that INCLUDES A FOLDER WITH ALL ASSOCIATED IMAGES
- Navigate to the folder
- View by Details
- Sort by Type
- Move the JPGs to your archive folder
- Trash the non-JPG files

Some of the high resolution images are linked off-site and may require you to go there to properly complete your collection, but the above technique will capture the majority of the images preventing you from having to right-click your way to a carpal-tunnel flare-up.

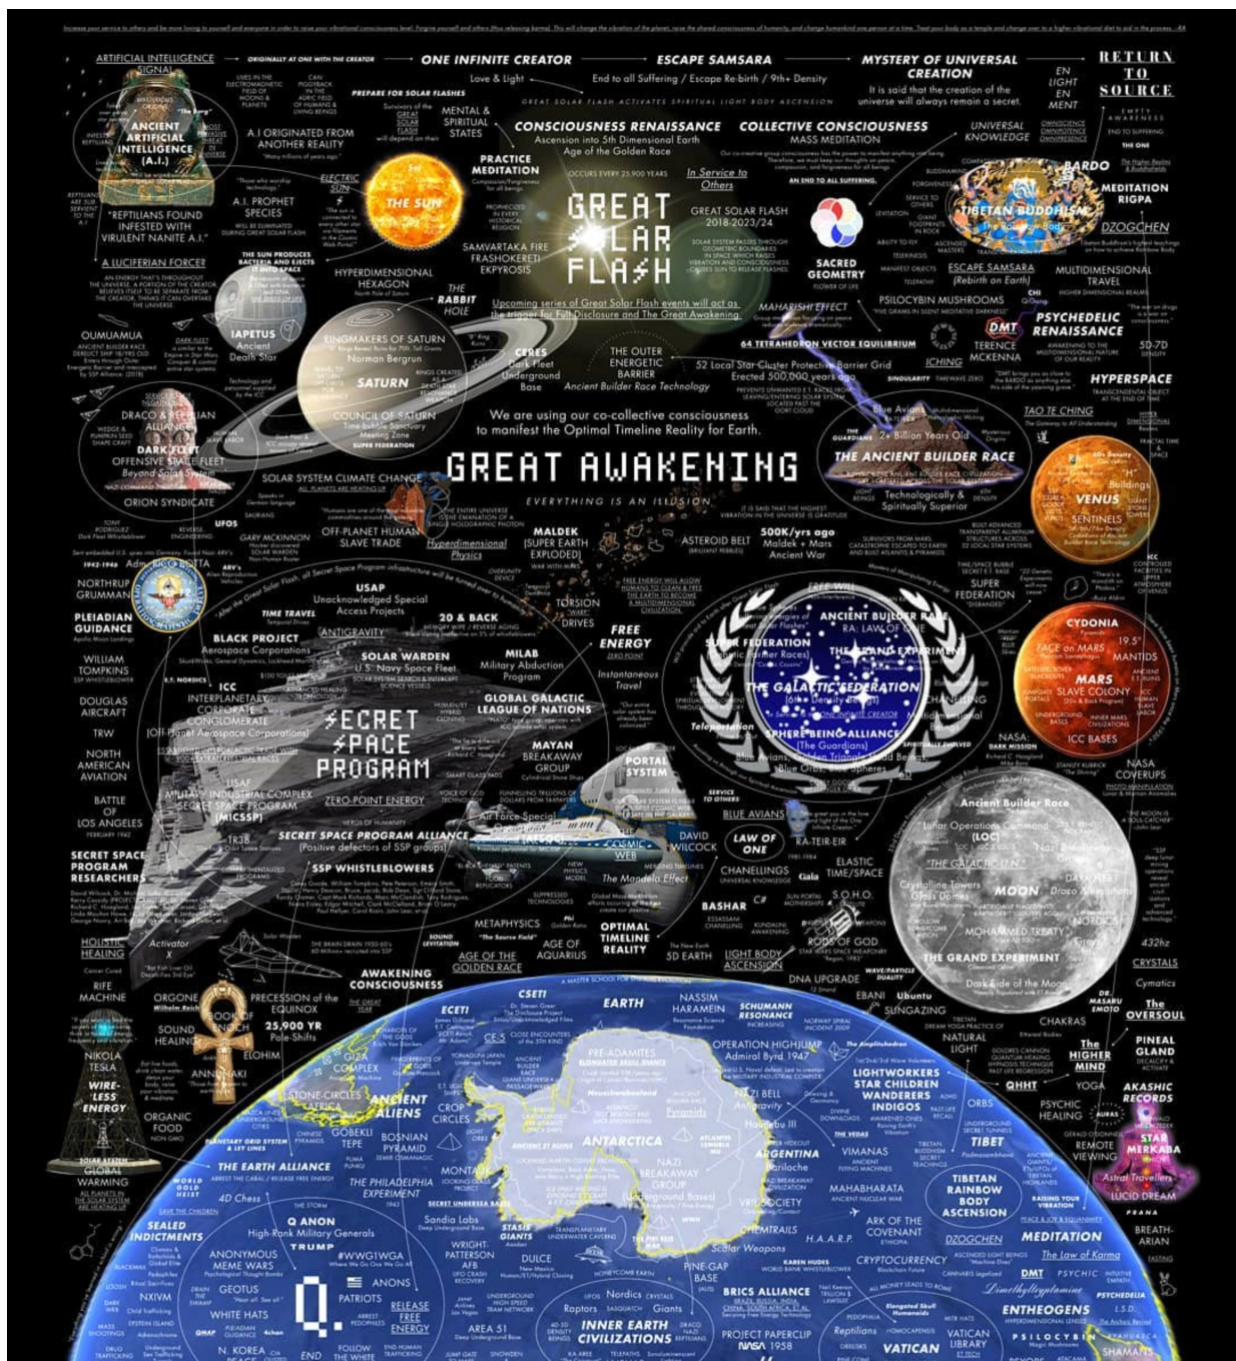

Thanks to all the nameless, faceless contributors to our collective knowledge base, especially for that which is available on the interwebs.

INTRODUCTION TO THE Q-WEB

The Q-web is a chronological timeline of our Hidden History, highlighting declassified government projects & operations, occultism within the upper echelons of the global power structure, lies we have been sold by the media, and generally things you won't read about in standard history books, yet can be easily referenced on Wikipedia. All information should technically be considered "theory", and you are encouraged to research each point on this web yourself, and come to your own conclusion about it's validity. The Q-web blends generally accepted facts and plausible theories together, and challenges the viewer to use their own discernment.

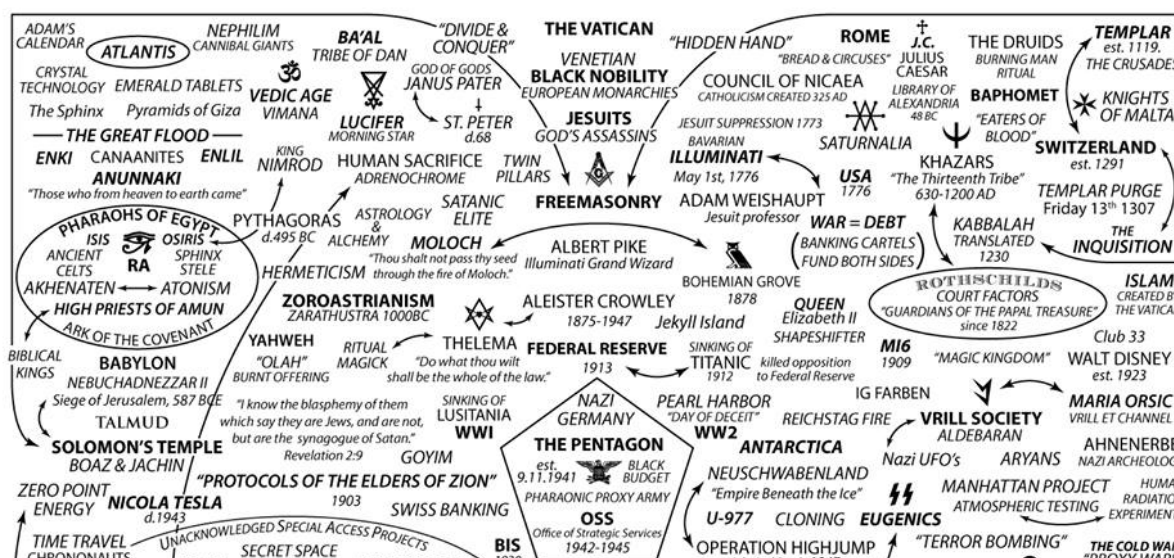

Sections 1 and 2 at the top of the web are devoted to early history. The main timeline down the center (3) is divided into two categories, "Technology / Spirituality" on the left, and "War / Violence" on the right. Many topics relate to the closest adjacent topics without an arrow. Many connections that could be made are not drawn on the map for the purpose of maintaining legibility of the text. There are also several larger sections of data points related to a single topic. Seek out the "Key to the Q-web" at the web address below to better understand how related subjects are clustered.

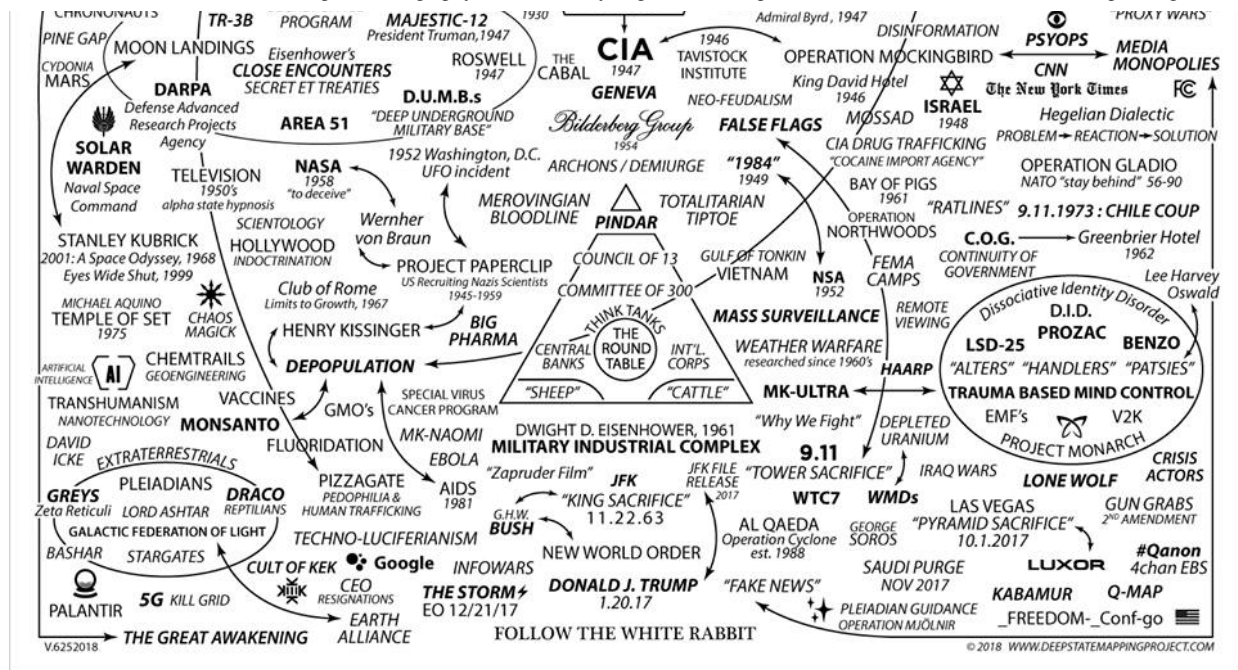

This information is being distributed freely in order to hasten what has been coined "The Great Awakening." A physical print-out is the recommended method of transferring this information. On the D.S.M.P. website you will find high resolution digital files of this artwork, as well as apparel and posters printed with the Q-web to help you spread truth and light. You are encouraged to share this information the most effective way you deem appropriate. The survival of our Republic and indeed the human species may depend on it. Godspeed patriots.

Bureau d'Etudes Source [Frontiers of Solitude](#) Brian Holmes

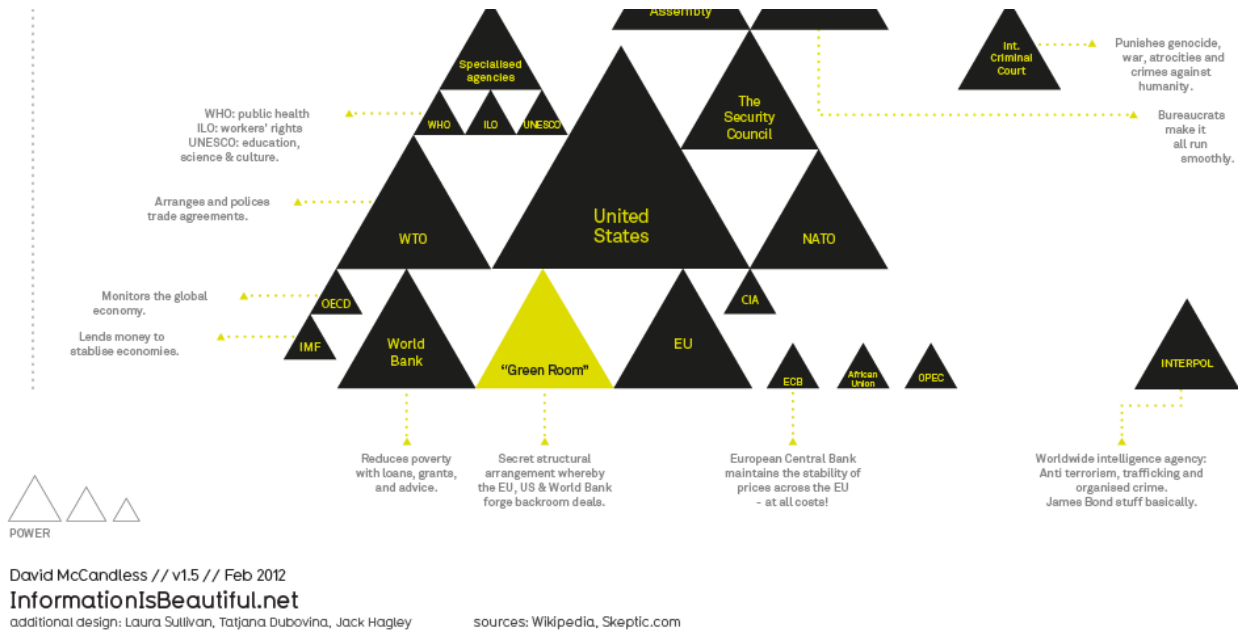

These next two "blue maps" are from the Bureau d'Etudes, which sounds like an Ashton Kutcher movie to me. With a name like "Bureau d'Etudes" I imagine some stodgy Euro dudes in their late 50's with thin mustaches and smoking cigarettes, I don't see some guy sitting in front of Illustrator or Photoshop (and they certainly wouldn't be on freeware Paint.net like this memeologist). So who knows how ALL this stuff got on there, and there is no telling whether the dots that are connected here are really connected, unless you start validating it yourself.

This is the world of Alternative Resources. Like "tells" in poker, EVERYTHING has value, it's just a matter of determining how to get the highest and best use out of something and when to just cut bait. Looking at it for more than a few minutes, it does seem like most connections jibe with the plethora of information available to us. If something seems NQR (Not Quite Right), then look it up, it very well might not be. If you find that something is

wrong, you can just walk away from the resource. OR, you can use that information as an breadcrumb for you to figure out WHY you were being misled. Several of these breadbrumbs together will show you a PATTERN of what "they" WANT YOU TO BELIEVE, which is clearly not "what is true." This is called developing your discernment and is a part of the alchemical process of learning how to turn lead into gold.

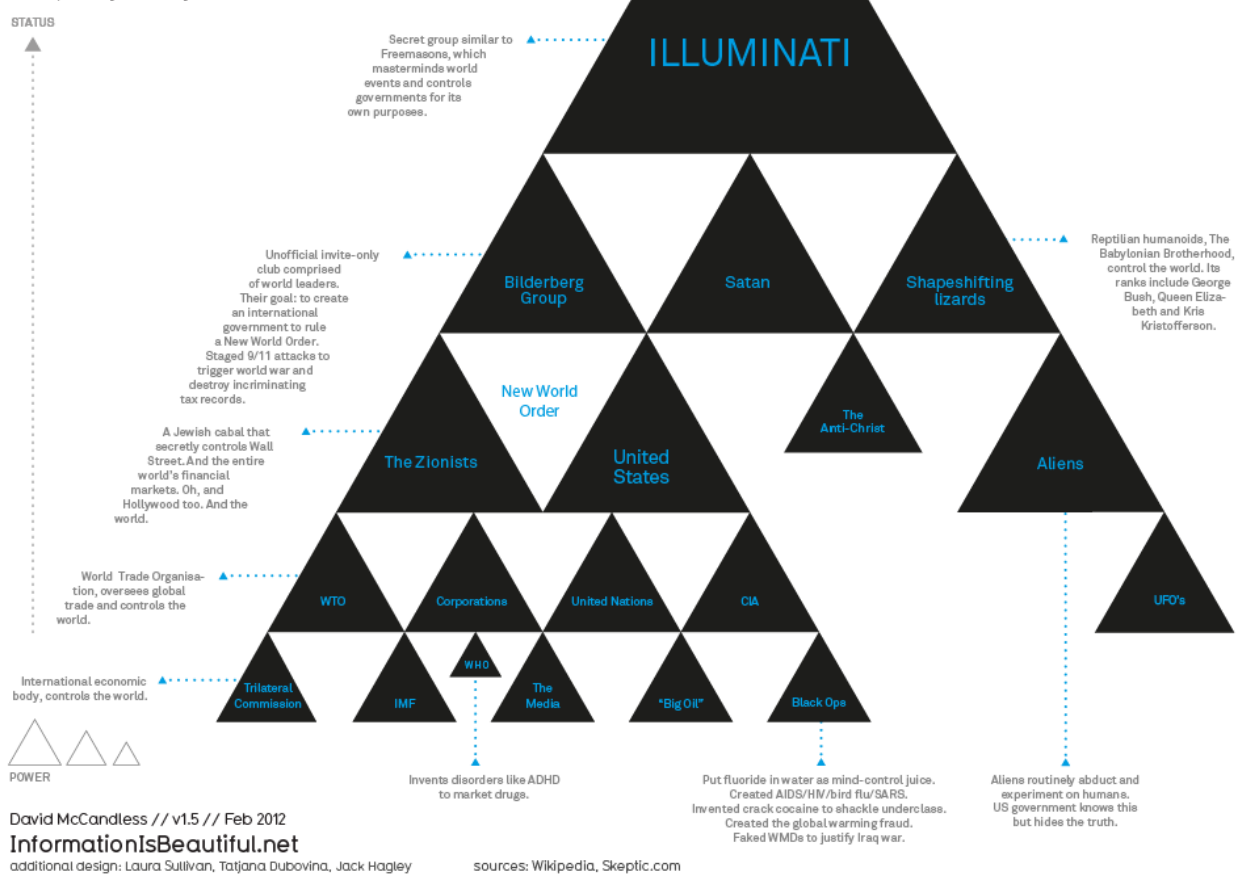

Click on the image below to be taken to a very large, high resolution file that you can zoom in to. The first diagram is stunning on its own, while the second allows you to expand even further out, maintaining a remarkable level of detail.

Note: This diagram is a 2014 re-rendering of the original U.S. derived hand-drawn chart which has been online for some time; the origins of the original are unknown - despite research. Given the inclusion of the KGB and YSA, it is apparent that the original version surfaced between 1986 - (and no later than) 1991 which is when the USSR dissolved. The intention with this version was to make the chart easier to follow with relevant colour coding, and of course with links to information on the relevant organisations and groups.

Corporatocracy

From Wikipedia, the free encyclopedia

This article is about the idea of government dominated by corporate business interests. For the functions and interests of the state in a capitalist society, see Capitalist state. For capitalist economies dominated by corporations, see Corporate capitalism.

 This article **appears to contradict itself**. Please see the talk page for more information. (August 2015)

 The examples and perspective in this article **may not represent a worldwide view of the subject**. You may improve this article, discuss the issue on the talk page, or create a new article, as appropriate. (August 2017) (Learn how and when to remove this template message)

Corporatocracy /ˌkɔːrpəˈtɒkrəsi/, a portmanteau of corporate and -ocracy (form of government), is a recent term used to refer to an economic and political system controlled by corporations or corporate interests.^[1] It is most often used today as a term to describe the current economic situation in a particular country, especially the United States.^{[2][3]} This is different from corporatism, which is the organisation of society into groups with common interests. Corporatocracy as a term is often used by observers across the political spectrum.^{[2][4][5][6][7][8][9][10][11][12][13][14][15]}

Economist Jeffrey Sachs described the United States as a corporatocracy in *The Price of Civilization* (2011).^[16] He suggested that it arose from four trends: weak national parties and strong political representation of individual districts, the large U.S. military establishment after World War II, large corporations using money to finance election campaigns, and globalization tilting the balance of power away from workers.^[16]

This collective is what author C Wright Mills in 1956 called the 'power elite', wealthy individuals who hold prominent positions in corporatocracies. They control the process of determining a society's economic and political policies.^[17]

The concept has been used in explanations of bank bailouts, excessive pay for CEOs, as well as complaints such as the exploitation of national treasures, people, and natural resources.^[18] It has been used by critics of globalization,^[19] sometimes in conjunction with criticism of the World Bank^[20] or unfair lending practices,^[18] as well as criticism of "free trade agreements".^[19]

Capitalism

From Wikipedia, the free encyclopedia

 This article includes a list of references, but its **sources remain unclear** because it has **insufficient inline citations**. Please help to improve this article by introducing more precise citations. (October 2015) (Learn how and when to remove this template message)

This article is about the economic system. For other uses, see Capitalism (disambiguation).

"Capitalist" and "Free enterprise" redirect here. For the racehorse, see Capitalist (horse). For other uses, see Free enterprise (disambiguation).

Capitalism is an economic system and ideology based upon private ownership of the means of production and their operation for profit.^{[1][2][3]} Characteristics central to capitalism include private property, capital accumulation, wage labor, voluntary exchange, a price system and competitive markets.^{[4][5]} In a capitalist market economy, decision-making and investment are determined by the owners of the means of production in financial and capital markets, whereas prices and the distribution of goods and services are mainly determined by competition in goods and services markets.^{[6][7]}

Economists, political economists, sociologists, and historians have adopted different perspectives in their analyses of capitalism and have recognized various forms of it in practice. These include laissez-faire or free market capitalism, welfare capitalism and state capitalism. Different forms of capitalism feature varying degrees of free markets, public ownership,^[8] obstacles to free competition and state-sanctioned social policies. The degree of competition in markets, the role of intervention and regulation and the scope of state ownership vary across different models of capitalism.^[9] The extent to which different markets are free, as well as the rules defining private property, are matters of politics and policy. Most existing capitalist economies are mixed economies, which combine elements of free markets with state intervention and in some cases economic planning.^[10]

Market economies have existed under many forms of government, in many different times, places and cultures. However, the development of capitalist societies marked by a universalization of money-based social relations, a consistently large and system-wide class of workers who must work for wages and a capitalist class which dominates control of wealth and political power developed in Western Europe in a process that

Feudalism

From Wikipedia, the free encyclopedia

This article is about the classic, or medieval, Western European form of feudalism. For feudalism as practiced in other societies, as well as that of the Europeans, see Examples of feudalism.

Feudalism was a combination of legal and military customs in medieval Europe that flourished between the 9th and 15th centuries. Broadly defined, it was a way of structuring society around relationships derived from the holding of land in exchange for service or labour. Although derived from the Latin word *feodum* or *feodum* (fief),^[1] then in use, the term *feudalism* and the system it describes were not conceived of as a formal political system by the people living in the Middle Ages.^[2] In its classic definition, by François-Louis Ganshof (1944),^[3] *feudalism* describes a set of reciprocal legal and military obligations among the warrior nobility revolving around the three key concepts of lords, vassals and fiefs.^[3]

A broader definition of feudalism, as described by Marc Bloch (1939), includes not only the obligations of the warrior nobility but also those of all three estates of the realm: the nobility, the clergy, and the peasantry bound by manorialism; this is sometimes referred to as a "feudal society". Since the publication of Elizabeth A. R. Brown's "The Tyranny of a Construct" (1974) and Susan Reynolds's *Fiefs and Vassals* (1994), there has been ongoing inconclusive discussion among medieval historians as to whether feudalism is a useful construct for understanding medieval society.^{[4][5][6][7][8]}

THE FREEMASONS

STATUE OF LIBERTY (ISIS)
French Grand Orient Temple Masons

A. Kilwinning Lodge was the first Freemasonic lodge and was located in Kilwinning Scotland near the area the Irish Gaels first settled in Scotland. The Canaanite bloodline is maintained through the ancestry of many Freemasons.

B. Similar to ancient mystery religions such as the Eleusinian Mysteries, members of Freemasonry are not told all of the mysteries of the secret society from the beginning. One must pass through multiple levels before the greatest mysteries are revealed. Most members never achieve the highest levels. Lesser members typically continue to believe in the supreme being they believed in upon initiation.

C. At the highest levels of Masonry, the hybrid Canaanite/Egyptian pantheon is worshiped. According to the Masonic perspective, the goddess Isis is at the head of the pantheon.

1. The Statue of Liberty is the goddess Isis.
2. The Washington Monument represents the missing phallus of Osiris (Isis' husband) [see Myth of Osiris and Isis]. This giant phallus has little to do with worshipping a penis and more to do with the myth concerning Isis.
3. Unlike Catholics and religious Jews, top Masons do not consider the Egyptian god Amun(El, Yahweh) to be the highest god, rather it is the goddess Isis.
4. The large majority of Masons do not worship Pharaoh Caesarion(Jesus) or hold him in any reverence, although a minority of Masons such as the Swedish Rite, do in fact worship Caesarion.

SAINT PETER'S SQUARE (VATICAN)

ST. PETER'S BASILICA

*** INTERESTING FACT:**

Throughout the Middle Ages, a metal globe was attached to the pinnacle of the obelisk now located in Saint Peter's Square. It was commonly thought to contain the ashes of Gaius Julius Caesar (Caesaron's father). Architect Domenico Fontana, who was responsible for erecting the obelisk in its current location, opened the sphere and found only dust.

OBELISK OF AMUN-RA

A. The obelisk at St. Peters square was erected by Domenico Fontana under the direction of Pope Sixtus V. Sixtus also erected another obelisk located just outside the Vatican at the Papal Archbasilica of St. John Lateran. This obelisk was transported from the Temple of Amun in Karnak. It was originally built by Pharaoh Thutmose III whose name was likely changed to Moses in the Bible.

B. Both obelisks represent the dwelling of the god Amun-Ra (Canaanite El/Yahweh, God/Lord of the Christian Bible) Erecting the "dwelling place" of an Egyptian god in the courtyard of the most powerful Christian church seems completely bizarre to the uninformed. The looming obelisk is tantamount to building an altar for Zeus in the courtyard of St. Peter's Basilica. Although many Catholics are unaware of the true nature of the God they worship, they are in fact worshipping Amun(El), as are all faiths which worship the chief God of the Tanakh (Hebrew Bible).

C. In regards to the remaining hybrid Canaanite/Egyptian gods of the Pantheon, they may have evolved into manifestations of Amun himself, rather than separate gods. Another option is that the remnants of the pantheon lost their "god status" and came to be represented as saints, apostles or angels within the Catholic Church. Aside from the writings of noncontemporary Christian authors, no tangible or historical evidence has been found to prove the existence of any of the 12 apostles, disciples, non-biblical "church fathers" or early bishops. The author of this website has researched all alleged bishops of the early "Christian Churches" to the 8th line and found no evidence that they ever existed. The tombs of St. Peter and St. Ignatius are empty memorials designed by later church members.

D. Pharaoh Caesaron(Jesus), the founder of Christianity is also worshipped by the Catholics as the chosen son of Amun. Remember that Caesaron's bloodline originates from the Phoenician settlers of Argos and then Macedonia. He was also the rightful heir to the Roman Empire through Caesar and although he never saw it to fruition, the Holy Roman Empire.

E. Unlike the Washington Monument which is a Freemason obelisk, the specimen located in St. Peter's Square does not represent a phallus and is completely unrelated to the Freemason interpretation. The Catholic Church considers Freemasons to be in a grave state of sin. Freemasons have a long history of feuding with Catholics.

F. Despite historical differences The Freemasons and the Catholic Church are currently working together along with Israel and the British Monarchy and their blood relations, to form a "One World Government." The Canaanite bloodline unites them all. The British Monarchy plays the leading role as well as mediator between the other groups who often favor competing methods to achieve their goals.

Pope Pius XII (Black Nobility)

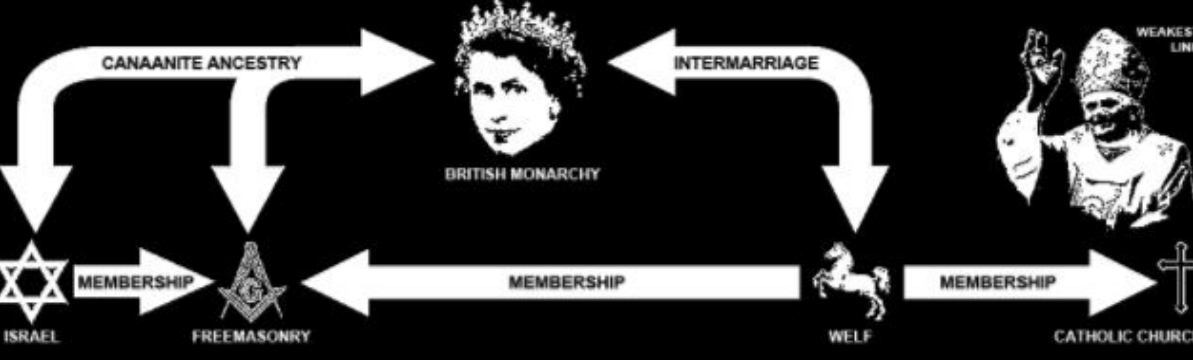

THE BLACK NOBILITY

A. After the army of the Kingdom of Italy entered Rome and overthrew the Papacy, the Pope remained in Vatican City as a prisoner of sorts. A number of Italian Royal families stood by the Pope and mourned his imprisonment. These men and women were called the Black Nobility.

B. The Black Nobility were members of the House of Welf, which already maintained relationships with the English Monarchy and other European families. Later on, members of the Black Nobility were chosen for high ranking positions within the Catholic Church. Pope Pius XII was a member of the Black Nobility.

C. Stemming from religious similarities(worship of Amun and Caesaron) and blood ties, the English Monarchy formed an important bond with the Black Nobility within the Catholic Church.

REAL ANGLO-ISRAELISM (THE POWER STRUCTURE)

NOTE: Anglo Israelism is a fairly new concept which began to gain traction in the mid 1600's. This highly simplified diagram illustrates recognized links which unite the following groups. Obviously not all Israelis are Freemasons, but the ones who are maintain the link. The same can be said for some Welf descendants. Similarly, not all Freemasons are of the Canaanite bloodline, yet a select number maintain the link. The power structure is based upon the strength of such links.

The Structure of Freemasonry

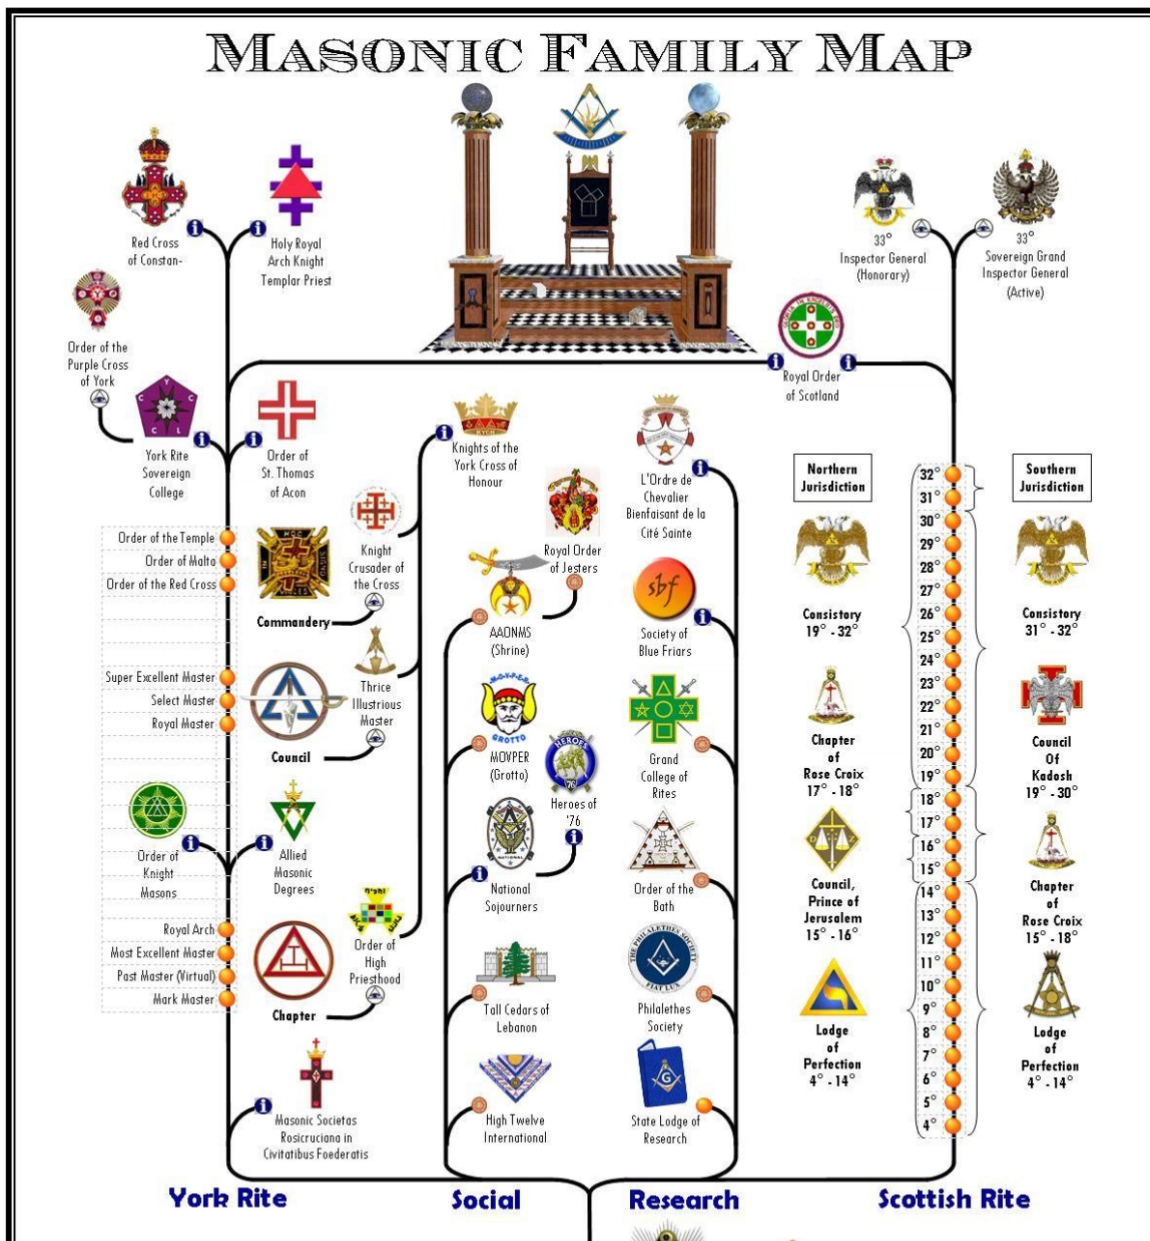

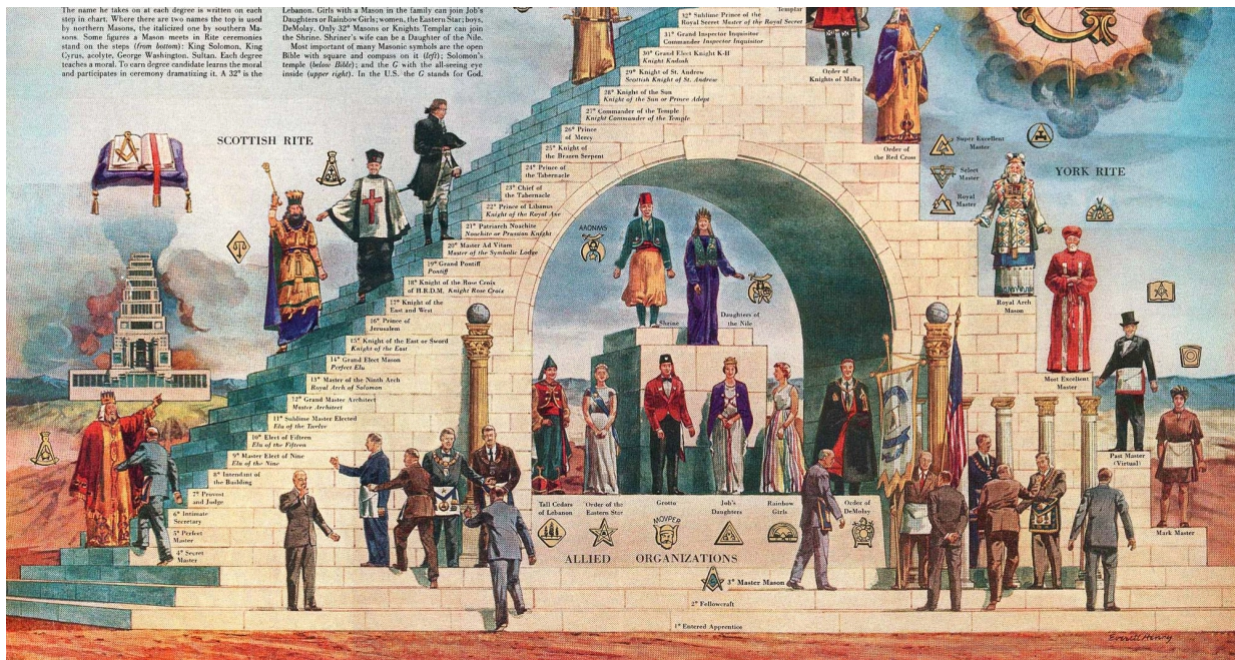

American Freemasonry resembles two sets of stairs that begin and end together, as this chart of Masonic structure shows. A Mason's first step is to become an Entered Apprentice. He climbs to the third step where most Masons stay. If he wants to go on in Masonic hierarchy, he enters either the Scottish or York rites. Many authorities say the Scottish Rite was begun by Scots emigrants in France; the York Rite is named after York, England where, by legend, the first Masonic body was organized.

In the Scottish Rite a Mason climbs 30 steps, or degrees, to the highest degree a Mason can earn. The 33rd is awarded by the Supreme Council, ruling body of the Rite.

A Mason in York Rite advances 30 degrees, known by name and not by degree number. On chart are figures he meets at each degree in the degree symbol. Figures are: temple workmen, Past Master (Virtually), Israel tribesmen, High Priest of Jews, King Hiram of Tyre, Knight of Malta, Knight Templar, equal in prestige to 33rd in Scottish Rite.

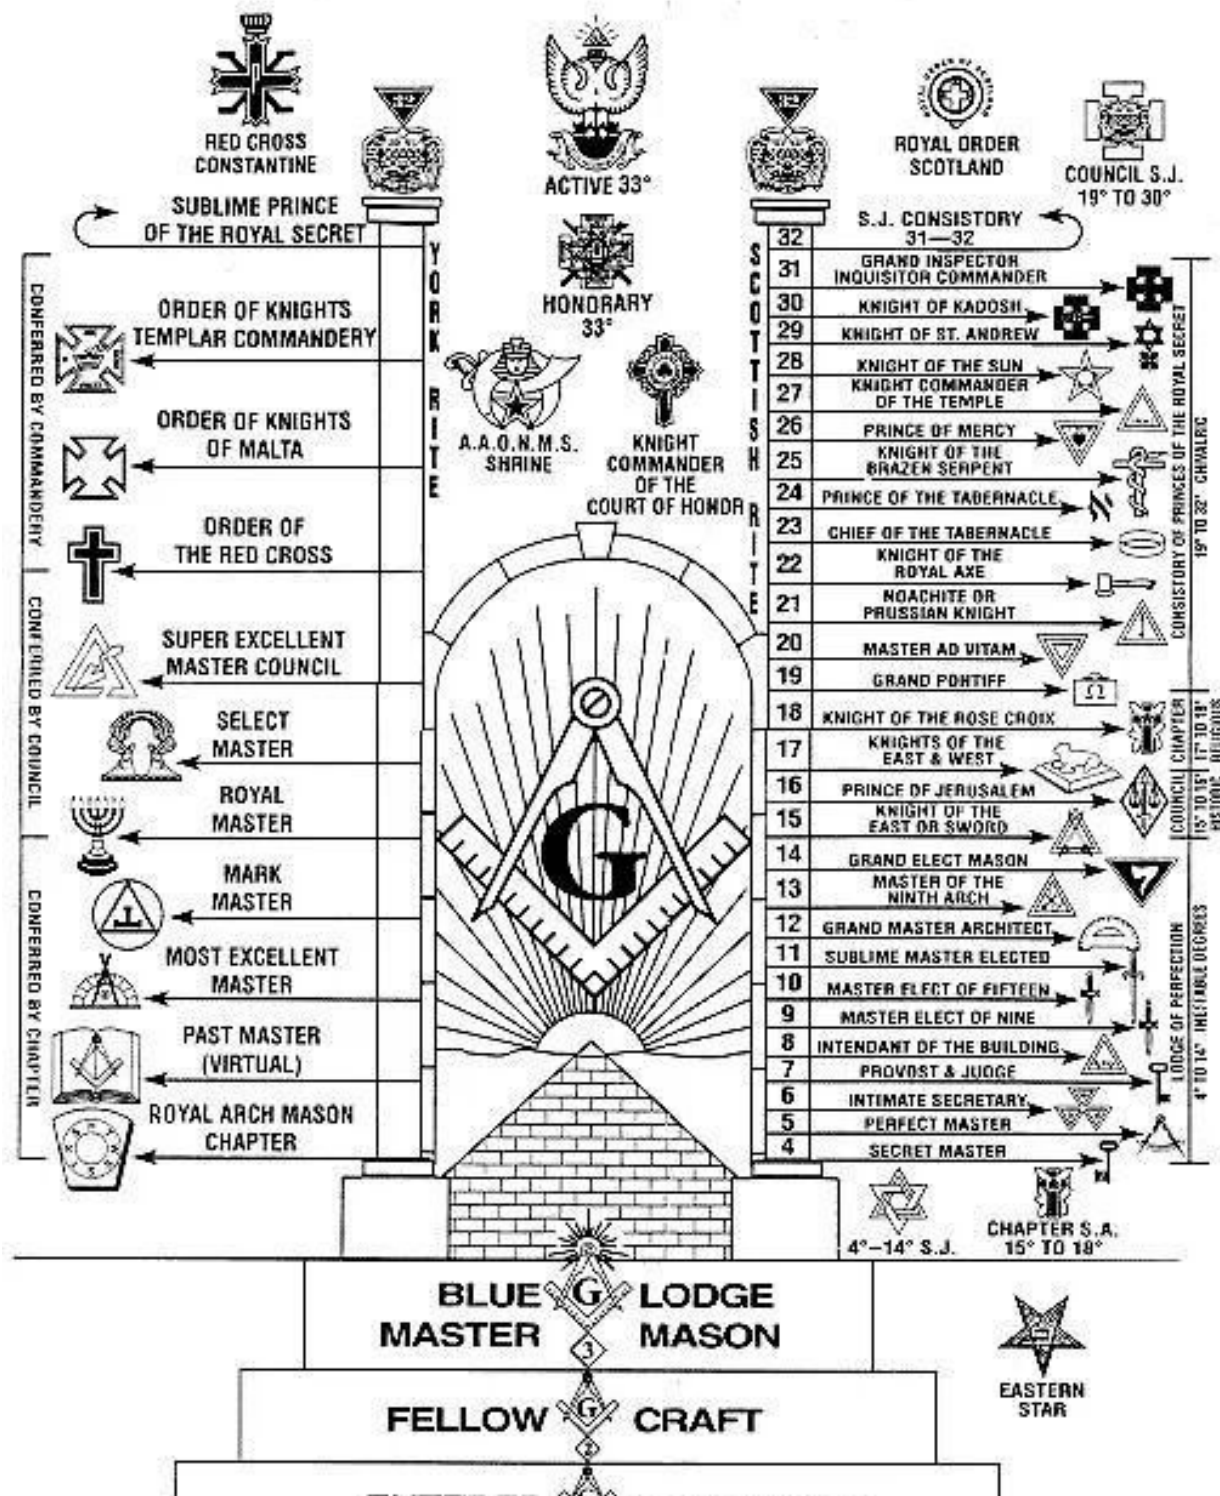

Under the arch are organizations allied to Freemasonry: Master Masons are eligible for Grands and Tall Coffers of the Order of the Knights.

The Secret Shadow Government – A Structural Analysis

Source <http://www.apfn.org/apfn/shadow.htm> provided by “Nothing But Truth Natasha”

THE SECRET SHADOW GOVERNMENT A STRUCTURAL ANALYSIS

By Richard J. Boylan Ph.D.

The secret "shadow" government is the large organisational network which operates alongside the officially elected and appointed government of the United States of America. Just as with the official government, the secret government has functional branches.

Just as with the official government, the Shadow Government has functional branches. However, unlike the official government, the purpose of the non-executive branches of the Shadow Government is simply to distribute various functions, but not to achieve a system of checks and balances, as was supposed to happen constitutionally between the executive, legislative and judicial branches of the U.S. Government. That is because the Shadow Government is a creature of a powerful elite, who need not fear being dominated by an instrument of their own creation.

In the Shadow Government five branches may be identified. These branches are: the Executive Branch, the Intelligence Branch, the War Department, the Weapons Industry Branch, and the Financial Department.

The reporting lines of the Intelligence Branch and the War Department to the Executive Branch are straightforward and obvious. Intelligence exists to provide the Executive Branch with sufficient necessary information to make adequately informed policy decisions. The War Department exists to provide coercive force to carry out Executive policy decisions which could meet with public resistance. The Special Operations units within the Intelligence Branch and War Department exist to carry out policy directives requiring covert action and official deniability.

The Weapons Industry Branch reports to the Executive Branch most often indirectly, through the War Department and/or the Intelligence Branch (for Black Budget weapons systems).

The Financial Department theoretically reports to the Executive Branch for fiscal policy implementation, but de facto also reports directly to the international power brokers who have created the Shadow Government. The Financial Department serves at times directly as their instrument of fiscal policy implementation.

An analysis of the overall purposes of these five branches suggests that the overall purpose of the Shadow Government is to exercise covert control by:

1. Collecting comprehensive institutional and personal information
2. By establishing national and international policy independently of the established Government
3. By developing high-tech arms and equipment, and, with these, establishing small, specialized, highly mobile, elite military units to effect these covert policies, when need arises, without having to rely on the official (and "unreliable") Armed Services, (whose subservience to the Shadow Government is reasonably suspect)
4. By developing an armed capability to repel any threat to the status quo, (including the uncertain ontological, social, and economic impacts of any revelation of the reality of UFO and extraterrestrial presence) through the development of a Star Wars/BMDO ground and space-based surveillance and SDI weapons network
5. By denying information compromising to the Shadow Government from all those outside "need-to-know" policy-making levels
6. By exercising control on the money supply, availability of credit, and the worth of money, through policy decisions made outside of the official Government

Family Tree

Five Generations of an American Dynasty

By [Daniel Nasaw](#)
Published Jun. 15, 2016 at 8:00 ET

Jeb Bush will be a candidate for president during the 2016 election, but the Bushes and their relatives have been at the heart of American business and politics for more than a century. Through five wealthy and powerful generations, the families of George Herbert Walker Bush and Barbara Pierce have produced investment bankers, a magazine publishing executive, a state supreme court justice, a railroad industrialist, a senator, two governors, and, of course, two presidents. Now, Jeb Bush hopes to be the third. Click on the faces below to explore the Bush family tree.

How the Left Engineered a Fake Russia-Trump Connection

THE ACTUAL RUSSIAN COLLUSION

THE DISTRACTION AND COVERUP

Once **Hillary Clinton** lost the election, her operatives cobbled together the myth that blamed her defeat on a Russian influence operation that had actually targeted viewpoints across the political spectrum. But Hillary knew better than anyone how easy it was for the Russians to influence Americans. The millions flowing to the Clinton Foundation bought not just silence, but complicity. And by corrupting the Clintons, the Russians had also managed to corrupt multiple levels and figures within the government, including the Justice Department and senior leadership within the FBI.

Source: <http://www.frontpagemag.com/fpm/268169/russia-hillary-bribe-extortion-uranium-and-fies-daniel-greenfield>

Deceased DNC staffer Seth Rich had given Hillary the perfect distraction and coverup to pin the emails he leaked to Wikileaks as a Russian's attempt to hack the election. Together with the MSM, the entire Russian hacking becomes a coordinated effort to distract from the actual collusion.

The Harmony Schools Network

In the past decade, Harmony has become the largest charter school operator in Texas. Social scientists say its schools are part of a global network inspired by Fethullah Gulen, a preacher who promotes public service and a moderate form of Islam. As the Harmony school system grows, it provides contracts to a network of Turkish-owned businesses, many of them also owned by Gulen followers.

SATAN
THE EMPEROR

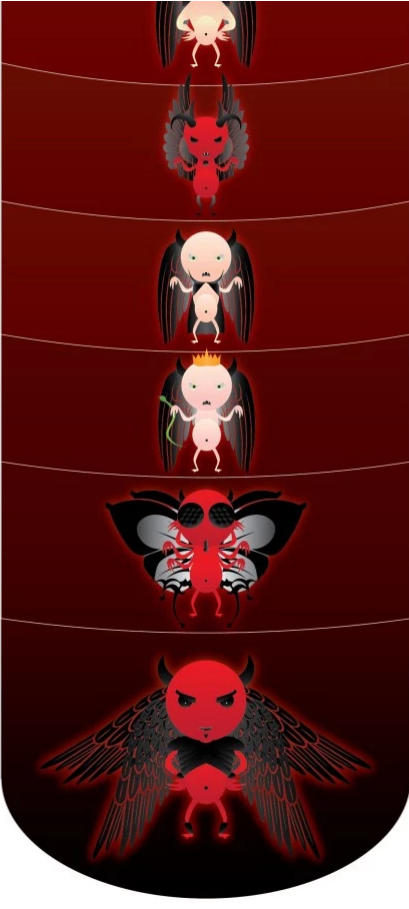

TRADITIONALLY, LUCIFER IS A NAME THAT IN ENGLISH GENERALLY REFERS TO
THE DEVIL OR SATAN BEFORE BEING CAST FROM HEAVEN. ALTHOUGH THIS IS
NOT THE ORIGINAL MEANING OF THE TERM. IN LATIN, FROM WHICH THE ENGLISH
WORD IS DERIVED, LUCIFER (AS A NOUN) MEANS "LIGHT-BEARER" (FROM
THE WORDS LUCIFERUS). IT WAS THE NAME GIVEN TO THE DAWN APPEARANCE
OF THE PLANET VENUS, WHICH REVEALS DAYLIGHT. FOR THIS REASON,
ENGLISH GENERALLY USES THE NAMES "MORNING STAR" OR "EVENING STAR," AND
RARELY "LUCIFER".

LUCIFER WAS THE ANOINTED CHIEF. ANOINTED MEANS TO BE SET APART FOR
GOOD DIVINE PURPOSE. IT ALSO MEANS "RESTORATION OF GOOD DIVINE PURPOSE",
AND "APPOINTMENT TO A SPECIAL PLACE OR FUNCTION".

GOD HAD GIVEN SATAN A CERTAIN AMOUNT OF POWER AND AUTHORITY. BUT HE
PERVERTED THAT POWER. LUCIFER WANTED TO EXALT HIMSELF ABOVE GOD,
RATHER THAN "JUST" BEING THE ANGEL OF GOD.

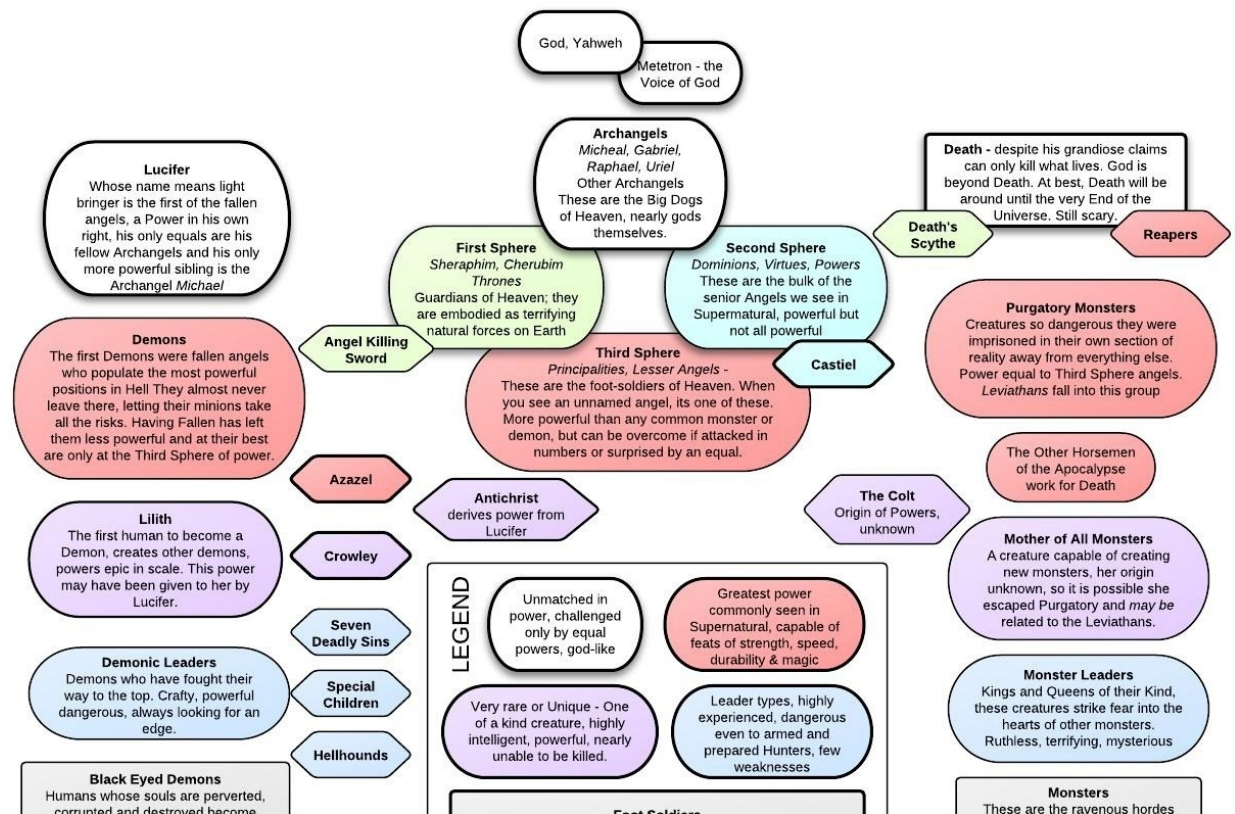

LUCIFER WAS CREATED PERFECT IN ALL HIS WAYS, BUT DEVIATION WAS FOUND
IN HIM. IT WAS NOT PUT THERE BY GOD. LUCIFER CREATED IT.
(THIS IS FOUND IN EZEKIEL 28:15)

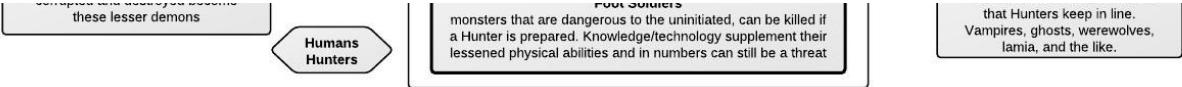

LIKE MAN, THE ANGELS WERE CREATED PERFECT AND WITH A FREE WILL.
SATAN WAS LIFTED UP BECAUSE OF HIS BEAUTY. HE CORRUPTED THE WISDOM
BY REASON OF HIS BRIGHTNESS (THIS IS IN EZEKIEL 28:17)

Note: Global risks may not be strictly comparable across years, as definitions and the set of global risks have evolved with new issues emerging on the 10-year horizon. For example, cyberattacks, income disparity and unemployment entered the set of global risks in 2012. Some global risks were reclassified: water crises and rising income disparity were re-categorized first as societal risks and then as a trend in the 2015 and 2016 Global Risks Reports, respectively.

Conspiracy Theory Likelihoods

Very Likely

Plenty of mainstream and alternative media sources, inside players admitting guilt, numerous contradictions, eyewitnesses, physical impossibilities, etc.

- September 11th attacks do not fit official narrative.
- A global pyramidal economic structure exists.
- Corporations collude in secret with governments and vice versa.
- False flags have happened and continue to happen.
- The 2008 economic recession never stopped.
- Many countries, but most notably the United States, are rapidly becoming police states.
- The mainstream media (CNN, Fox, MSNBC, etc.) are corporate/government mouthpieces.
- Terrorists are most often created by governments to justify anti-terror legislation.
- Governments worldwide hire armies of disinformationists to post online.
- Many vaccines and other medicines routinely have little to no studies behind them, including outright fabrication in peer reviewed journals.

Likely

Less mainstream and alternative media sources, possibly one or two inside players admitting guilt, numerous contradictions, possibly eyewitnesses, possible physical impossibilities, etc.

- The planet is being heavily geoengineered, including the chronic use of chemical agents ("Chemtrailing") containing heavy metals.
- Anonymous, as it is shown in the media, is hijacked and co-opted.
- Wikileaks is a honeypot for whistleblowers to turn themselves in.
- The global population is intentionally being culled.
- The student loan industry is price fixing with colleges and universities.
- Prominent figures have been and continue to be assassinated by government entities and collude with local enforcement to appear as suicide, accident, etc.
- Racism exists to create division and is tied to eugenics and transhumanists.

Unknown

Few mainstream and alternative media sources, no inside players, possible contradictions, possibly eyewitnesses, unknown physical impossibilities, etc.

- Extraterrestrials have visited Earth.
- HAARP is being used to affect the magnetosphere in such a way as to inflict earthquakes or other natural disasters.
- Advanced technologies including free energy, cures for diseases and various other benefits for humanity are being intentionally withheld.
- No one died at Sandy Hook, it was merely a drill.
- The Moon landing was faked.

Unlikely

Conflicting mainstream and alternative media sources, known disinformation, sources produce unreliable information and are known to have agendas, no eyewitnesses or contrary eyewitnesses, story fits physical reality, etc.

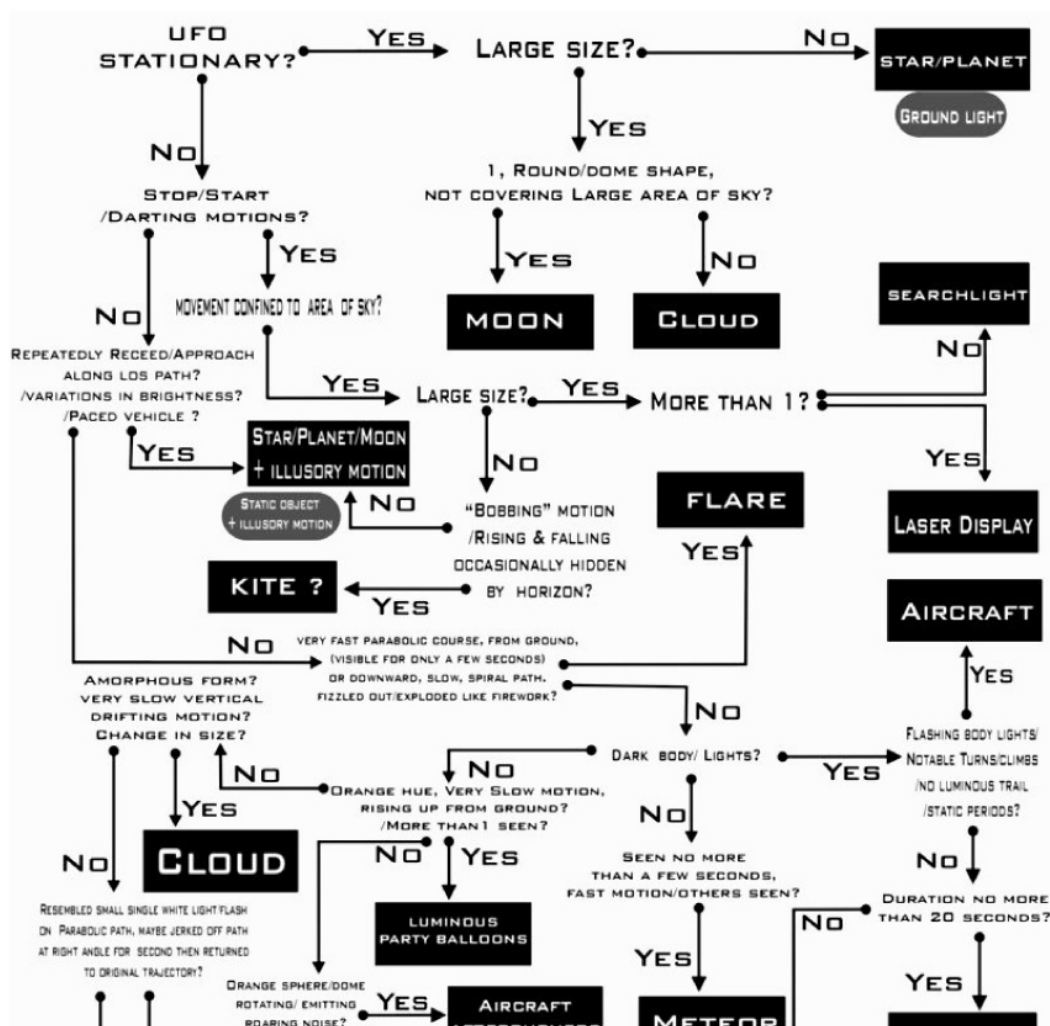

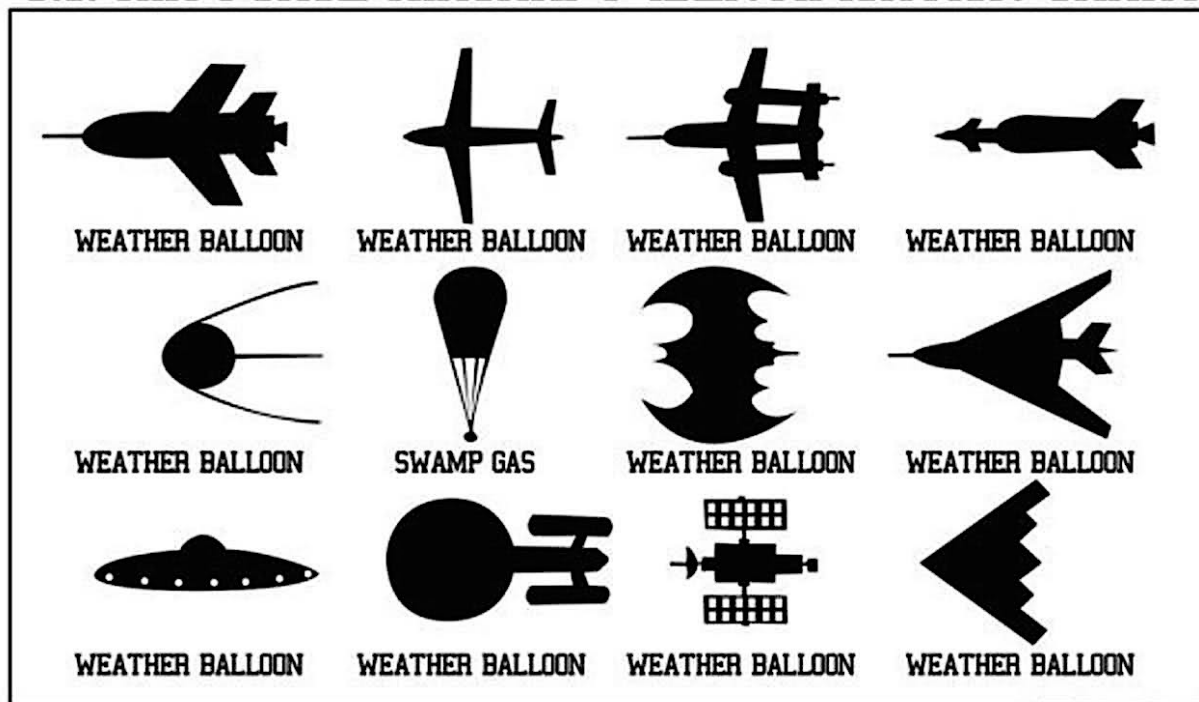

- Obama is a card carrying member of The Muslim Brotherhood.
- Obama's real name really matters, as does his place of birth and his religion.
- Glenn Beck is right about most things.
- "IT'S HAPPENING" soon.

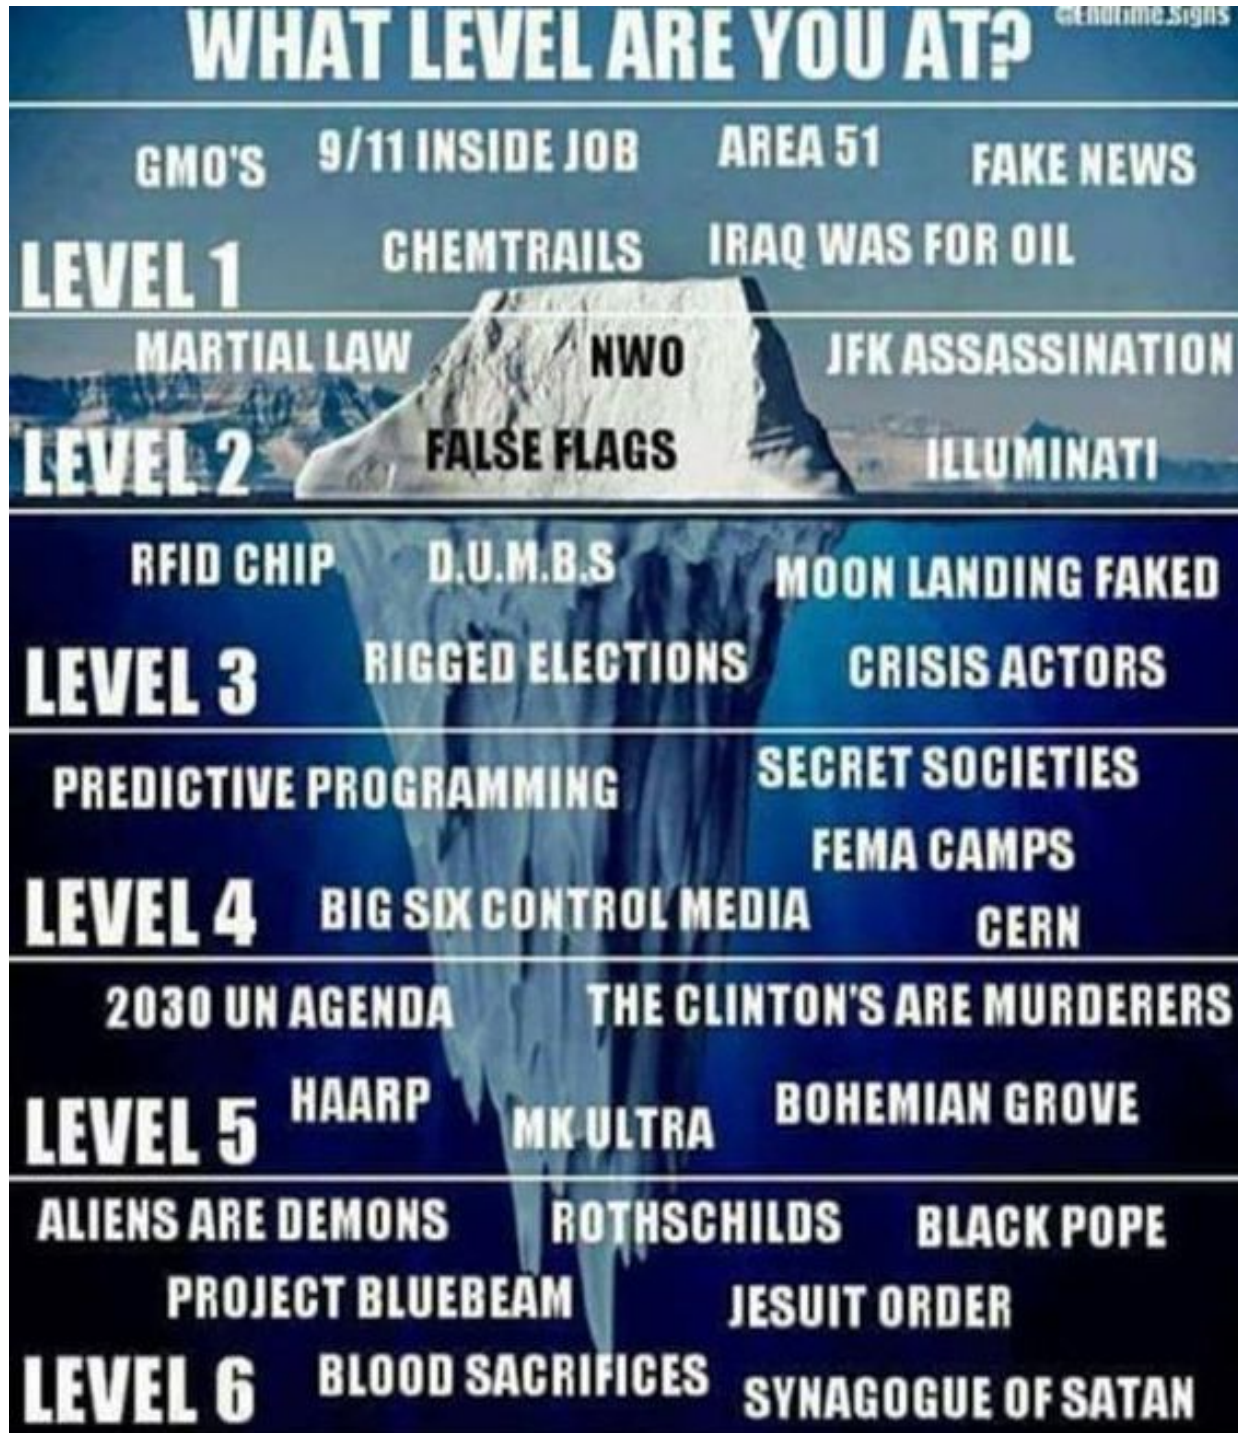

Very Unlikely

Complete agreement on mainstream and mostly alternative and what few disagree are all suspect, plenty of disinformation, very clear agenda, contrary eyewitnesses, narrative makes more physical sense than claim,

- Reptilian humanoids exist.
- Reptilian humanoids run the world.
- Time travelers exist.
- Time travelers interfere with our reality.
- Mothman smashed a bridge killing dozens before disappearing. Bigfoot is immortal and lives in the woods and Nessie only appears when it's really foggy.

Map of the Alien Invaders

The title is a bit loaded, as only some of them have the intention of “invading” in the sense that 21st century English speaking people tend to use it. It’s more like what’s going on with the milieu in the “Men in Black” series with a bit of the “Jupiter Ascending” dramatic story line driving the cocreated narrative. “Map of the Alien Lifewaves” is proolly more accurate, but I’m quibbling here.
